

Journey to Ixtlan 2013

Summary

Our tour starts in Oaxaca city, Oaxaca. We recommend flying into **Oaxaca** by **Friday December 6th** and back on or after **Thursday December 19th**. Of course you may prefer to come earlier or stay longer; let us know and we will make hotel reservations for you. We urge you to book your flight as soon as possible.

climbing to Huautla where the famous Maria Sabina and her magical mushrooms are from. Still further west to Teotitlan, we'll then turn south and enter the Tehuacan - Cuicatlan biosphere reserve. Surrounded by cactus we will gradually make our way back up into the highlands, up high over Oaxaca

After cycling back into Oaxaca city at the end of the tour, on Wednesday December 18th, you should disassemble and once again pack your bike in your bike box; ready for your flight home. Please allow plenty of time when you take a taxi back to the airport.

You will be responsible for taking a taxi from the airport to the hotel; **Hotel Casa Arnel** at Aldama #404, Colonia Jalatlaco (neighborhood); tel.: (951)515-2856. Once checked in you can unpack and reassemble your bikes and we will store your bike boxes at the hotel for your flight home. On Friday December 6th we will meet by **6pm** in our hotel lobby for our first group dinner and our tour orientation.

Count on a total of about US\$215 for accommodations (based on double occupancy); about US\$180 for food and drink; and about US\$150 for miscellaneous extras such as taxis, and entrance fees. Err on having a little extra and make sure to save a little money for souvenirs. Please note that in order to guarantee you a spot on the tour, the outstanding balance of the guides' fee must be received by us no later than October 6th.

Our route will take us around a challenging, mountainous route, north-east out of Oaxaca city all the way up into the magical Sierra Juarez (where Mexico's beloved president Benito Juarez was born) and the town of Ixtlan, then down an epic descent to lush tropical Tuxtpec near the border with Veracruz. We continue west along flat roads surrounded by tropical hills, past a huge reservoir created by the presa Miguel Aleman (dam) and into the foot hills, and up some very challenging

city and finally shoot back down to finish our tour there. Over our 9 days of riding we will average 62km daily and cover a total of about 624km. We will travel entirely within the state of Oaxaca (very briefly popping into Puebla state). Our daily rides will take us to various towns and cities including; El Punto, Ixtlan, Valle Nacional, Tuxtpec, Ixcatlan, Huautla, Teotitlan, Cuicatlan and finally back to Oaxaca.
